

Thriving on dialysis starts with us

Offering an efficient and transparent process for starting patients on dialysis

When you refer patients to Fresenius Kidney Care, you can feel confident knowing that they are receiving the highest-quality care that will help them live longer, healthier lives.

- /// Operating more than 2,800 dialysis centers nationwide
- /// Providing quality care to more than 190,000 patients
- /// Offering services to meet your patients' needs

Fresenius Kidney Care Admissions Portal

Our online portal gives you direct access to everything you need to successfully refer or discharge a patient to dialysis. With our admissions portal you can:

Chat with Patient Intake Coordinator

who handles each of your referral cases, working directly with the dialysis center to coordinate a treatment schedule that meets your patients' needs

Track the status of your patients in real time

Upload required documentation

View and print the schedule letter when available

General Admissions Essentials

To admit a referred patient, we require:

Patient demographics & insurance card

- /// Legal name
- /// Address
- /// Date of birth
- /// Social Security number
- /// Employment/retirement

Medical information

- /// History and physical (most recent report)
- /// Current lab reports
- /// Medication list
- /// Allergy list
- /// Recent dialysis orders *or* last three dialysis flow sheets

Hepatitis B status

- /// HBsAG drawn within the last 30 days

All materials must be provided to receive medical clearance. Due to regional nuances and regulations, additional records may be requested.

Contact us today to start a referral.
